PARENT FACULTY ASSOCIATION NEWSLETTER ~ MAY 2009

For up to date info visit our website at www.whspfa.org

This newsletter was funded entirely by the Winchester Parent Faculty Association. No public funds were expended for the cost of its production or distribution.

From the Office of Principal Tom Gwin

Entering the month of May, the administration and staff at the high school are busily involved in end of the year activities as well as planning for the 2009-10 school year. All 9th, 10th, and 11th graders have met with their counselors regarding their upcoming schedules and their selections are in the computer. Having all students meet individually with counselors about their schedule was a first. I want to thank the Math and Guidance departments for making this happen. Math teachers brought classes down to Guidance so the students could meet with counselors, and the counselors input all the student selection data. In addition, the directors have reviewed all of the appeal requests and parents have been notified of their appeal status.

In the next step of the scheduling process, the directors, working with the tallies for each of their department's courses, will determine the number of sections that will be offered for each course. This process is a bit like solving a puzzle as the director has a limited amount of staffing to work. For example, in the Math Department, Mr. Haver has enough staffing to offer 52 sections of mathematics. After going through the tallies, he may determine that he needs 54 sections. He will talk to me about getting extra staffing, but depending on the budget, that might not be possible. Usually, he will need to go back to the tallies and decrease the number of sections in a course or two (raising the class size in the course) or perhaps drop a course to get to 52 sections. This process is a great balancing act. The directors then assign those sections to teachers.

This information is given to Mr. Chapman who feeds all of this information into our administrative software. Then the time consuming piece of the process begins. The computer produces teacher and student schedules, but Mr. Chapman reviews all of these schedules individually to work out conflicts/mistakes and add classes manually to ensure that students have a full schedule.

We hope to have schedules completed much earlier than usual this summer. Students taking advanced placement courses that require summer work will receive confirmations before school ends that those courses will be in their schedules.

MESSAGES FROM THE ASSISTANT PRINCIPALS

School Transfer: A student who plans to move, leave school early, or withdraw from Winchester High School for any reason prior to graduation should secure a Transfer Sign-Out Form from the Registrar. This form needs to be completed and returned to the Registrar and should signify that all books have been returned and that all course work has been completed. Upon request, the high school will forward student records to a school in which the student seeks to enroll only upon return of the completed Transfer Form.

Exams: WHS schedules semester/final exams in January and June. These exams challenge students to summarize and condense a large body of knowledge and to demonstrate skills developed over a semester or the year. The exams also prepare students for the type of test taking that they will be confronting when they apply to post-secondary institutions.

No final exams will be administered early. Students who have been granted permission to leave school prior to final exams must return in the summer to take their exams. Exams taken in the summer will not be graded until September and their results will not be available until that time. Seniors with an average of B or above in a particular course will be exempt from taking that course's final.

Dress Code: With the warm weather approaching we would like to remind students that shoes must be worn at all times. The torso must be covered, strapless tops are not allowed, a student is not allowed to have his/her head covered by a hooded garment, and under garments must not be visible. Inappropriate dress may result in a student being asked to change clothing, cover up, as well as parental contact. Administration will decide if specific clothing is inappropriate.

PERSONAL ELECTRONIC EQUIPMENT: Students are not allowed to use a cell phone at any time during the school day. A student in violation of this policy will have their cell phone confiscated, given to an Administrator, and a parent must pick up the phone from the Main Office. iPod's, MP3's, etc., may be used at lunch only.

BICYCLES/ROLLER BLADES/SKATEBOARDS: The campus is reserved for pedestrian traffic. Students who bike, roller blade, or skateboard to school should lock their bikes in the bike racks; remove roller blades or skateboards for storage in lockers.

From the PFA Co-President Caren Connelly, caren.connelly@gmail.com

One of our seniors, Jenna Anglin, shares news of WHS with the School Committee each meeting. As we head into April vacation her recent comment about May echoes in my ears, "...just not enough days." The next two months are the busiest of the year with sports, concerts, award ceremonies and, finally, graduation with all the celebrations that entails. A good way to keep up is through the district wide calendar which you can access through the www.winchester.k12.ma.us site. One important date for everyone's calendar is **May 9th**, Winchester Youth Service Day. Sponsored by the Winchester Youth Center and the Connect & Commit Program, this is the fifth annual Winchester Youth Service Day. Encourage your student to participate in the community service work which will be going on through out the community from 10am -2:00pm. A final thought - there are still openings on the PFA Board for next year. Serving on the Board is a wonderful way to keep in touch with the school community and support both our teachers and students. If you are interested, Karen Erikson, karenerikson@comcast.net, would love to speak with you. **Our next PFA meeting will be on**

Wednesday, May 6, 2009 at 7:30 p.m. in Room A209. The final PFA meeting of the year is June 10th in the school library. Please join us!

The Guide
A Monthly Newsletter from the

WHS Guidance Department
May 2009

Dear Class of 2010 and Parents:

Just a reminder to please fill out your "Counselor Report Form" and "Parent Brag Sheet" on Naviance before school ends this year. We use this form to write your secondary school report that goes out to every college you apply to next year. Please go to: <http://connection.naviance.com/winchester> and log into your account to fill out the survey. If you don't remember your account, email your guidance counselor and we can give you that information.

Please Note: For security reasons, Naviance is designed to sign you out automatically if your session is inactive for 45 minutes. If you are signed out in less than 45 minutes or if your session ends unexpectedly while you are actively using the system, it is likely that a small file written to your computer while you use Naviance known as a "session cookie" has become corrupted or that your school is using a proxy server that is ending your session.

To address this issue, you should first delete cookies on your computer and clear the cache your browser keeps of the sites you visit. In most cases, completing these steps resolves any issues relating to sessions ending prematurely.

Final Transcripts for Seniors:

SENIOR SURVEY

The Guidance Department will be requesting that seniors complete the annual **Senior Survey** in **NAVIANCE** this year **between May 1-5**. Seniors should log-in to their **NAVIANCE** accounts and click on "Graduation Survey". The survey asks seniors to indicate to which college or post-secondary institution they want their final transcript sent, as well as to provide the results of the colleges' decisions on their other applications. Seniors are required to complete this **Senior Survey** as part of their graduation requirements before receiving their caps and gowns.

The Guidance Department is aware that plans do change. A number of seniors pay a deposit to one college to hold a space for next fall, but choose to remain on a waiting list at a second college. Graduates are asked to notify the Guidance Office **immediately** if they wish to change the college to which their final transcript will be sent.

Vacancy Lists Keep College Option Open

Current seniors or past graduates who may have postponed the college application process for a variety of reasons should know that it's not too late to apply to college for next fall. Two organizations compile vacancy lists of colleges that are still accepting students for Fall 2009. The New England Board of Higher Education (NEBHE) maintains a list of New England colleges and universities that still have openings. Students may visit www.nebhe.org to view this list in mid-to-late May. The National Association for College Admission Counseling posts its Annual Space Availability Survey on its website, www.nacac.com to assist college counseling professionals working with students who have not completed the college admission process. This annual survey indicates openings not only in Fall 2009 freshman classes, but also openings for transfer students, as well as the availability of financial aid and campus housing.

Helping Your Child Handle Rejection...and Acceptance

The College Board's website contains helpful information for parents of seniors who receive a "letter of denial" from a college. The information offers suggestions on how to help put admissions decisions in perspective. Go to www.collegeboard.com and click on the link "For Parents" to read the entire article.

Parent to Parent presents: "Raising Resilient Children and Adolescents"

Dr. Robert Brooks will describe factors that help children and adolescents to deal more effectively with stress and pressure and become more resilient. He will discuss: (a) the importance of empathy in understanding and responding to children; (b) why some children from birth have a more difficult time developing a positive self-image and resilience than other children; and (c) the importance of identifying and reinforcing each child or adolescent's "islands of competence". Parents will be provided with specific strategies for nurturing self-discipline, self-esteem, responsibility, caring, hope, and resilience in our children and adolescents.

r. Brooks is a clinical psychologist who lectures nationally and internationally on topics related to resilience, motivation, and self-esteem. He is on the faculty of Harvard Medical School, and maintains a private practice in the Boston area. He is the author of more than 10 books for parents and teachers, including *The Self-Esteem Teacher*, *Raising Resilient Children*, and *Raising a Self-Disciplined Child*. Dr. Brooks has appeared on local and national television, and has been a consultant to Sesame Street Parents Magazine. For more information about Dr. Brooks, go to www.drrobertbrooks.com.

All rides and games will open to the public beginning at 5 pm on Friday night. Fair hours are 5 pm - 11 pm on Friday, and 10 am - 10 pm on Saturday. Advance tickets are available at the Fair Grounds from 12 noon - 6 pm Thursday May 14, and 10 am - 4 pm on Friday May 15.

The annual EnKa Parade is scheduled to begin at 9am on Saturday May 16, at the High School. This is the Society's largest annual fundraiser. Last year's proceeds supported over 40 Winchester non-profit, youth and civic programs. This year's Fair promises to be a great one!
