PARENT FACULTY ASSOCIATION NEWSLETTER ~ FEBRUARY 2012

FROM THE OFFICE OF PRINCIPAL TOM GWIN

One of the action steps in the *School Culture* focus area is to expand the integration of service learning into the curriculum. The development of a proposal by June 2012 for senior year service learning is a benchmark for this action step. The Connect and Commit Steering Committee will be working on this proposal for the rest of the spring. If all goes according to plan, the proposal will be available for feedback from parents, faculty, students, and the community in June. A number of high schools in the area have end-of-year senior projects/internships that take place during the last few weeks of school. (It should be noted that Advanced Placement students remain in their AP classes until the AP exam is given.) These programs encourage students to experience education in the real world, something that can be very valuable and productive during the last days of senior year. Ms. Baker's second semester Senior Focus course will concentrate on the community of Winchester and pilot this kind of end- of-year project with her seniors. You will be hearing more about this throughout the year.

MESSAGES FROM THE ASSISTANT PRINCIPALS

Parking and Driving on Campus ~ Students will not park in the visitor parking spaces that are located in the front driveway of the school. Students who do not park in designated areas, and/or who do not use good judgment in operating their vehicles, will be denied the privilege of parking on school property. Violators of the parking regulations will be ticketed and/or towed. Students who receive two parking violations will lose their right to park on campus. The expectation of all drivers on school property is that they obey the traffic signs posted on school grounds. The Police Department will be notified of any violation of these posted signs and appropriate measures will be taken. While parked on school property, a student's car can be searched by the administration at any time if there is reasonable suspicion about illegal substance or safety issues.

Winchester High School supports an on campus safety belt policy. Students who do not use seat belts may lose their parking privileges at WHS.

Lost and Found ~ Items, found by staff or students, should be turned in to Lost and Found in the Main Office. Students may check this area for lost items. Unmarked books will be returned to the subject department. All unclaimed clothing items are donated periodically to a local charity.

MESSAGE FROM SRO PALMER

Personal Property and Valuables ~ The high school administration strongly discourages students from bringing excess money or valuable items to school. Likewise excess money or valuable items should not be stored in lockers at Winchester High School. Under NO circumstances does the Town of Winchester, Winchester High School, its administration, or its staff assume liability for personal possessions brought to school.

PFA NEWS

FROM THE CO-PRESIDENTS

Carol Cashion and Jody Collins Skinner

An iPad in every backpack?

Last month we began an open conversation with Principal Tom Gwin about the future of educational technology at WHS. How might we use technology to improve teaching and learning in Winchester in the years ahead? Will tablets replace textbooks? Will better technology lead to better learning outcomes? What will it all cost?

As part of the “Focus on the Future” Strategic Plan, a working group of WHS faculty, students and parents are looking at the possibility of introducing “one to one” technology in our school – one laptop or tablet device per student to deliver content and support instruction.

How would it work? Right up the street at Burlington High School, such a “one to one” experiment is already under way. In September, 2011, iPads were distributed to all students, school-wide. **On Wednesday, February 1st, at 7:30pm, Burlington High Principal Patrick Larkin will be our special guest and talk with us about the launch of his school’s iPad program.** Bring your questions, bring your concerns and help us continue the conversation. Members of the “One to One” working group will be present as well.

As a starting point, you may wish to listen to the January 24, 2012 discussion on WBUR’s “On Point,” which framed some of the key questions very well:

<http://onpoint.wbur.org/2012/01/24/future-of-textbooks>

Happy listening, and we look forward to seeing you Wednesday February 1 at 7:30pm in the WHS Library!

THE WHS PFA 2011-2012 DIRECT APPEAL

Please be sure to make your donation to the WHS PFA’s DIRECT APPEAL!

The Direct Appeal is the sole source of funding for the PFA’s budget, and **funds raised through the Direct Appeal fund important and innovative programs for students through the PFA Grants Program**, as well as the cost of equipment and supplies not included in the high school budget. The PFA's goal is to raise Direct Appeal funds through the contributions of 100% of WHS families. Please be sure to participate! Although a contribution of any amount is very much appreciated, we ask that each family consider making a one-time contribution for this school year of \$75.00 or more.

CLASS NEWS

CLASS OF 2013

Hosting Practice SAT & Free Follow-Up Strategies Workshop for Participants

Practice SAT, Saturday, February 4th at 9:00 AM—WHS Cafeteria

Strategies Workshop, Monday, February 13th at 6:30-7:30 PM—WHS Auditorium

The SAT is a reasoning test that most students at WHS take for purposes of applying to colleges. There are three main reasons to take the **practice** SAT. First, it is a low-pressure way to take a diagnostic SAT to see where you are and what you need to work on before you take the *actual* SAT that will be reported to colleges. Second, SAT scores tend to improve with practice, so the more practice tests you take, the more your scores should improve over time. Third, by taking the practice SAT you will be entitled to attend a *FREE* Strategies Workshop to review your test results.

Register online at www.kaptest.com or by phone at 1-800-KAP-TEST (While walk-ins are welcome if space is available, we urge you to reserve your spot by registering now.) The cost is \$10 collected at the door. Bring #2 pencils and calculator!

REMINDER: The actual SAT is given several times during the school year so watch for info from Guidance!

THE RETURN OF THE JUNIOR PROM!

The Junior Prom will be held on April 27th, the Friday after vacation, at the Lincoln School.

Like their successful fall fundraising sweatshirt, the *theme is RETRO*--the decor, photo backdrops, and *some* music will harken back to the 50s, 60s 70s and 80s. So, we encourage students to talk to their parents and grandparents, pull out those old yearbooks and take a look at what the fashions were way back when, and start planning your own version of a Junior Prom.

Committees for decorations, entertainment/photo, food and beverage, and set-up/strike have been formed. Anyone wishing to volunteer should contact either the class officers or the teacher advisors. Class Officers: Kenzie Koss, Mike Marotta, Dan Boulanger and Alex George.

Teacher Advisors: Krystin Morin and Stephanie Kudlate

A Monthly Newsletter from the

WHS Guidance Department
February 2012

Selective Service Registration

A recent mailing from the Selective Service System's District of Massachusetts office requested that male students be informed of their responsibility to register for Selective Service. The letter states that, "By registering, the student maintains his eligibility for student loans, federally funded vocational training programs, and Civil Service employment opportunities." It explains, "By not registering, he is in violation of the law." The Guidance Department is alerting parents of male students 18 years of age or older, who may be applying for federally-sponsored financial aid programs, that the student must register for Selective Service. The FAFSA (Free Application for Federal Student Assistance) asks whether the student has registered with Selective Service. The student becomes ineligible for financial aid if he has not registered. A student may register for Selective Service online at: www.sss.gov.

Senior Parents

Winchester Scholarship Foundation
Applications are available in the Guidance Department. Applications are due no later than May 15, 2012. Additional scholarship opportunities are available on Naviance.

Senior Mid-Year Grades

During the senior year, when a student requests that his/her transcript be sent to a college, the transcript of the first three years is sent to colleges. In February, after mid-year report cards have been issued, **a copy of the mid-year report is automatically sent to all colleges to which a senior has applied.** The mid-year

report sent to the colleges reflects **only the student's mid-year grades in each course.** Quarter grades, mid-year exam grades, and teacher comments are not included in the mid-year report. If a college requests to see the first quarter report card prior to mid-year reports, please see Mrs. Wilson in Guidance.

Sophomore Parents

An informative coffee for tenth grade parents was held in January. If you were unable to attend, please refer to the Guidance website for the information presented.

During the month of January and February, Guidance Counselors met with all tenth grade students. Students received their password for Naviance and completed the ***Do What You Are*** personality assessment. Using results from this assessment, students were then instructed on how to use the career exploration tools. Please review the results of these assessments on Naviance with your child as this is the first step in the postsecondary planning process.

Junior Parent Night

An informational meeting about the college selection process was held on January 31. If you were unable to attend the meeting, please refer to the guidance website for the information presented.

Guidance counselors met with all juniors during the week of January 23. Students received a yellow folder of information to help them begin their post secondary planning. If your student has misplaced their folder, a complete packet is available on the high school guidance website.

PARENT TO PARENT PRESENTS

Talking to your Child about Body Image and Nutrition

Thursday, February 9 7:30 – 9:00 pm
Next Door Theater, 40 Cross Street

Our culture is bombarding us with confusing nutrition and skewed body image messages. How can we expect our children and teens to make sense of these messages that we struggle to understand ourselves? Psychologist Jodi R. Galin and nutrition therapist Amy Aubertin will help you talk to your son or daughter about body image, counter-act the idealized images in the media, and emphasize healthy food without going overboard. This panel discussion will bring to life key protective factors that parents and

caregivers need to know in order to help their growing children develop healthy eating and exercise habits. Learn warning signs of childhood obesity and eating disorders that may signal a need for professional attention.

Jodi R. Galin, Ph.D. is a licensed psychologist with over fifteen years of experience specializing in the treatment and prevention of eating disorders. She co-authored, *Growing Together* (2004), an obesity and eating disorders awareness and prevention program. Amy Aubertin, MS, RD, LDN is a registered dietitian and nutrition therapist who specializes in eating issues, weight issues and mindful eating.

Appropriate for parents of children of all ages, especially late elementary school and middle school. Questions for the panelists may be submitted ahead of time by emailing info@parenttoparentwinchester.org and at the talk.

FROM THE MULTICULTURAL NETWORK

Winchester In Transition

The Winchester Multicultural Network invites your participation in a town-wide conference, *Winchester In Transition (WIT)*, to be held on **Saturday, February 11, 2012, from 9 a.m. to 3 p.m. in the Town Hall Auditorium**. The purpose of the day's conversations is to help an intergenerational mix of people representing non-profit organizations, local businesses, faith communities, and town government to understand, embrace, and capitalize on a Winchester population that is becoming increasingly diverse. Throughout the day, round-table discussions, a panel, keynote address, and group activities will enable us to build a community that will remain socially welcoming, economically resilient, and environmentally healthy for decades to come.

The Network's goal is participation from each of the town's organizations and governmental boards and departments. Please visit the conference web site, www.gettowit.org, for more information. The date has been chosen to avoid conflicts with other major town activities, so we hope as many people as possible will be able to attend. It is important that we work cooperatively in carrying out our respective activities, and the conference program will foster collaborative working relationships.

We invite you to add your unique perspective to the community conversation on 2/11/12. Contact www.gettowit.org to register, ask questions, and offer your suggestions for the day.
